Exploring effective approaches to pre-pay and low income program designs

Carrie Harkness, Consumers Energy
Shaun Wright, Community Homeworks
Guillermo Diaz, CLEAResult

Agenda

- Background
- Pay My Way™ program
- The energy efficiency response
- Collaborating with Community Based Organizations
- Bring it all together successfully

Pay My Way™ program

Please contact Consumers Energy's Carrie Harkness
(CARRIE.HARKNESS@cmsenergy.com) regarding her Energy
Forum presentation.

The energy efficiency response

#CREF17

CLEAResults
Energy Forum

A blurred background image showing the silhouettes of several people in a meeting room, suggesting a collaborative environment. The people are positioned around a table, and the lighting is soft and warm, creating a professional yet inviting atmosphere.

Collaborating with Non-profit and Community Organizations

The logo for Community Homeworks features a stylized grey house icon above a large, bold, maroon letter 'H'. To the right of the 'H', the words 'COMMUNITY' and 'HOMEWORKS' are stacked in a maroon, sans-serif font.

COMMUNITY HOMEWORKS

- Critical Home Repair
- Energy Efficiency
- Home Maintenance and Repair Education

Empowering our low-income neighbors to maintain safe,
sustainable and dignified homes

Shaun Wright
Executive Director

www.communityhomeworks.org

Traditional weatherization and repair models

- No cost WAP programs through the DOE
- Utility rebates
- 100 percent loan repayment models

Community Homeworks model

- Day one savings for families
- Critical repairs are combined with energy efficiency work
- Maintenance and repair education
- Flexible policies to mitigate SIR modeling and cost barriers
- Combined funding
 - Energy optimization funds
 - Federal funds, such as CDBG
 - Philanthropic community (foundations, individual and business)

“In-house” construction team

- HVAC and construction technicians
- Licensed building contractors
- Licensed mechanical contractors
- ENERGY STAR 3.0 HVAC certified
- BPI BA certified
- EPA RRP and refrigerant certified
- ESCO gas, electrical and refrigeration certified
